Phone Call Consult re: Principal Search

Bob Stevens spoke by phone about the search for a new NES principal and his possible involvement as a consultant in that search. He outlined the services he would provide if he were to orchestrate a full search. He then suggested three possible options if the board were to assume some of the tasks involved in the search, limiting his role and time commitment. /during the phone call, Bruce Williams made clear his availability to provide significant help in the search; the board subsequently decided to offer Bob Stevens a limited consultation role.

2:10 **Adjournment:** P. Jewett moved to adjourn. E. Hausman seconded. Approved.

Respectfully submitted,
Emmy Hausman, clerk
