

DRAFT

The School-Community Engagement Committee's overall mission is to foster community support for and pride in NES by facilitating communication among the Newbury community, the Newbury Elementary School principal, and the OUUSD Board. Specifically,

- To extend communication between NES and the wider community through postings on listservs, Front Porch Forum, and perhaps a community newsletter;
- To serve as an advocate for NES before the OUUSD Board and the Newbury Selectboard.
- To glean community input through public forums, surveys, or other means
- To help, when requested, in mediating conflicts between non-school community members, NES, and the Newbury Selectboard
- To help recruit community volunteers/resources for FoNES and school-related projects (e.g., the outdoor winter program, the FarmRaiser)
