Jill,

Thanks. Yes, a letter would be great so that it can be formally sent to the Board. They would accept that at their next meeting, but you can share the news before they do that. We will miss you at OESU, and I wish you well in your new role!

Good Morning Emilie

I imagine you've learned that I have accepted a position at the Ray School for next year. I wanted to make sure my nomination had passed the board before making an official announcement. That has happened and I would like to let you and the board know that I will be leaving OESU at the end of this contract year.

Please know Emilie this was neither a quick nor easy decision. I have a great deal of respect and optimism for OESU. I've been respected as an educator and encouraged and supported on my upward growth. I am truly excited for where OESU is as a district and where it's headed. I can not say enough about the professionalism and sense of community I've experienced.

I will submit this information to you in letter format on Monday- I'm away right now and don't have capacity to do so. I hope this email will let you move forward with the new hire for ECSE.

Thanks

Jill
