Emilie Knisley  
Superintendent of Schools  
350 Waits River Road  
Bradford, VT 05033

Dear Mrs. Knisley,

I have learned so much from my two years working at Blue Mountain Union School. However, the pandemic has made me realize that I need to work in a school that is closer to my family. It has been a burdon to not be able to see them in person for extended periods of time. Due to this realization I find it necessary to resign from my position at BMU. I will continue to work through the end of my contract.

Sincerely,

Maeghan Warburton
