Dr. Barone, Mr. Blood and Mrs. Knisley,

It is with regret that I am sending this email to inform you that I will not be signing my contract for this coming school year because I have accepted a position elsewhere. This decision did not come easily to me as I am a community member, I have and will have children attend BMU, and I have been here for 17 years.

I would like to thank all of you for the opportunities that have been provided to me over the years, especially the opportunity to teach middle school math and work towards my middle level certification. I have truly enjoyed working with the middle school team over the past 2 years.

I will dearly miss working with the staff here at Blue Mountain as I have developed great relationships throughout the years. I will also miss working with the students whom I have had the privilege to teach and coach at many different levels.

Even though I may not be teaching here next year, I will still be involved as a parent. I will have 2 high school daughters and a 3 year old starting in the fall. I will also have another child starting in a couple of years. I will always be fond of my time at BMU and hope to keep those feelings close to me as parent of the school. I will always bleed blue and gold.

Sincerely,

James Nelson
