Policy

It is the policy of the Thetford Town School District to maintain a safe, orderly, civil and positive learning environment via a system of classroom and school management practices, supported by consistent, clear and fair disciplinary procedures. The goal of this policy is to create an environment where the rules for student behavior are clearly stated, are understood and accepted by students and staff, and are applied in compliance with due process requirements. This policy is to be applied in conjunction with the school's overall discipline plan developed pursuant to 16 V.S.A. § 1161a.

Relation to Other Policies:

Any and all student conduct covered by the prohibitions outlined under Code C5 Firearms Policy, shall be addressed solely by its terms, and shall not be handled by any other policy related to "weapons" generally.

Student Responsibilities

It is the responsibility of each student to contribute to a safe and productive learning environment in the school by demonstrating respect and consideration for fellow students and adults. This includes complying with all policies and rules of conduct of the school district and individual classrooms.

Administrative Responsibilities

The principal, in consultation with the educational staff, will develop an overall discipline plan pursuant to 16 V.S.A. §1161a.

Any student conduct or student statement (oral or written) giving rise to a reasonable fear of an imminent threat at school or at a school sponsored activity, shall be a violation of this policy. A reasonable fear of an imminent threat shall be determined based on the totality of the known relevant circumstances at the time and will be deemed to exist in any case resulting in administrative and/or law enforcement response taken to secure the safety and security of the students and/or the campus.

The plan will include clear guidelines for student behavior. The guidelines may include provisions for the suspension or expulsion of students who engage in misconduct on school property, on a school bus, or at a school sponsored activity when the misconduct makes the continued presence of the student harmful to the welfare of the school. The guidelines may also include provisions for the suspension or expulsion of students who engage in misconduct not on school property, on a school bus, or at a school sponsored activity where direct harm to the school can be demonstrated or where the misconduct can be shown to pose a clear and substantial interference with another student's equal access to educational programs.

The guidelines for student behavior will also include prohibitions against the possession by students of knives, weapons and dangerous instruments while at school, on a school bus, and shall allow disciplinary action up to and including expulsion for violations of the prohibition against knives, weapons and dangerous instruments that are not possessed at school as part of an educational program sponsored or sanctioned by the school.

Behavioral expectations, and the consequences of misconduct, will be stated in the student handbook and other publications distributed to students and parents/guardians.
