We hy are these being used when the grass is cut?

What pesticides are they?

What are cancer rates of folks there, students, teachers, admin and all workers and among community?

Is this noticed to the pub lic and if so how and when?

Also re info meeting would it have made sense RT o include that meeting w time and date in the warning for the vote? Seems pretty slipshod to me and I believe this board needs to and MUST DO BETTER.

1-How much money did OESU receive and was this from covid funds given to Vermont?

2-which notes were paid off w these funds and for what amount?

3- is the unassigned surplus of \$ 282,358 the remainder of the Vt funds?

4- will this info be provided to the public ie all citizenry especially taxpayers?

5- If a swer to 4 is yes what Avenue of communication will be utilized for that purpose?

6-Is the amount of \$826,018 related to the VT funds given to OESU? This was the total of amounts listed as Oesu Surplus:

Spe. Ed funds not used,296246; assigned to FY 22 budget;\$153,795, reserved and non spendable(please elaborate on why and what this terminology means as related to OESU funds), \$ 375,977 assigned to future budgets.

7- What is ESSER 3?

THANK YOU.

Have you thought about how the district will access the property?

John has a specific row that will not e xtend to the district

Sukie-

We used a buyers real estate agent. They researched the right of way and access to the property for the district and it is my understanding that it is deeded into the property.

to me

No, the row is specifically deeded to John Renfrew. When he sells, the row is ended.
