- Tax implications: The 2021 municipal tax amounts to \$176.80. Village approx. \$34.00 total loss of tax for town approximately \$210.80. As long as we are a “receiving” district the loss of value on the education grand list would result in an increase in state funding to the district. The 2020 education tax amounted to \$435.72. We are working to get more clarity on this by reaching out to Brad James.
- Cost of busing vs. Buying property:

- Additional costs and considerations: Gate and signs at the beginning of the trail/old logging path to prevent ATV use and limit unauthorized use. Potential structure for weather protection and outdoor classroom supplies.
