Dear OUUSD School Board,

I'm a senior at Oxbow High School. For my American Government class we have been asked to write a letter to a representative. First I would like to thank you for all the countless hours you put into supporting our schools, especially during this pandemic. It has not been easy. I am writing to you today to discuss the parking situation at Oxbow High School.

The parking lot after school is very hectic with both students and parents trying to make their way out. The parents all line up to pick up their kids but all of the students trying to leave are blocked in and can't leave until the parents either let us out or we make our own room. It shouldn't take students 10-15 minutes to get out of the parking lot after school. Some have work and other places to be and having to deal with the parking lots situation makes it difficult. I think some solutions are having the students park out back and staff park out front. The parents could still pick up kids out front because the teachers don't leave at the same time as the students so by the time they were ready to leave they would have no problem getting out. This way everyone gets in and out faster with less trouble. Another way we could do this is have people out there directing traffic to help it go faster and smoother.

Thank you for taking the time out of your day to read my opinion on this topic. I would love to hear your opinion and idea on how to get this solved. I hope you will take my concern into consideration and help out the riving students of Oxbow.

Sincerely,

Alexa Kosakowski
