David Tansy here in the village was just walking up my road

Never again. He said John Renfrew had given him permission. Does the school district now own Checkerberry? If so John has no rights and no jurisdiction. David Tansy's wife Jane is a member of the womans club. That groups members and spouses have a No trespass order on file in the town clerks office. I suggest you go read it.

There are no dogs allowed on this road or any of my property. Tansy is famous for letting his dogs crap wherever whenever. He never uses a scoop bag. Newbury poop scoop and leash law.

He will never have access to my road/The right of way or any other property of mine.

Where are those restrictions you spoke of at the Aug 11 meeting?. Share them if you have any w Tansy, perhaps the whole town.

Tansy is an arrogant hateful bastard and he just tried to insult me with his filthy mouth. Keep that pig off this land or you will be talking to the police.
