Dear, OESU School Board Member

I am reaching out to you in regards to school lunches and how seniors that have privileges should be able to get food early during advisory if nothing is happening beforehand, but also about how it is hard to have anything extra other than your main meal on the newer trays. Thank you for everything you have contributed to our school and community. We are all so grateful to have you.

Lunch times and materials have become more limited, It's also harder for most students to have enough time to eat because of things like how every class gets called separately so it take's most of lunch to even be announced and how some students have some River Bend classes so it really puts a limitation on how long students can eat for, it's also nice to eat whenever and have extra time to do work or study.

Thank you for reading and considering changes that have been stated, if you have the time and your own opinion on the matter a response would be greatly appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Izaac Hathaway". The signature is written in dark ink and is positioned above the printed name.

Izaac Hathaway
