River Bend Report: River Bend recently visited the Newbury Elementary school's After School Program with the sawmill. Young students got to see how lumber is made and the lumber sawed out will be used for hands on projects. Coverage of this happening will be in the local papers.

River Bend held its annual Scholarship Corporation and Advisory meeting on October 20. Due to Covid, the majority of the meeting was held online. The Scholarship Corporation voted to start two new \$500 scholarships with the large donation recently received.

River Bend will be celebrating its end of the quarter achievements on Wed. November 10. Students are recognized for achievements and are fed a variety of food items produced by the culinary Program. They also receive certificates of achievements.
