Good evening to you,

I am very interested in being a part of the school board for BMU. I have 5 grandchildren in this school. They range from Pre-K to 7th. These children are my grandchildren that I am raising. I have a lot of experience with kids as well as schools.

I moved up here from Massachusetts last June 2020. I love the area! I have been a nurse for 16 years. I am also a clinical support specialist for a very large Electronic Medical Records company.

I would love to be involved with the school. I would like to have a voice, share ideas, meet people. I have always been a go getter!

Perhaps being from Massachusetts I can provide insight in different areas. I have a background in technology as well as being a nurse. I have taught new grad nurses both clinically and technically. I have always been the type to step in and get things done. I receive a lot of feedback from my kids in the school as well. I would love to be a problem solver, advocate, assistant or whatever role you need.

Thank you for your consideration.
Sincerely,

Sandi Woodworth
