Crystal,

I am able to include this as correspondence to the OESU Board if you so desire. Please let me know. We would need your town of residence as well.

I am so against you guys making these staff members being told they need to have the vaccine to keep there jobs. We are not in school right now because there are to many out so what happens when everyone walks? What happens to OUR CHILDREN THEN. Oh wait NO SCHOOL. Seriously let's think of this country is freedom of speech and our freedom you guys are taking away our rights as people. Not only that but our CHILDREN ARE SUFFERING ENOUGH with this Covid and there rights have been totally taken away from them as children what are WE TEACHING our children YOU HAVE NO RIGHTS!!!! You can carry COVID and you can give COVID no matter what if you have had the caccine or not. You can have no symptoms and give it still Vaccined. Let our STAFF members be human with the right. If they care about our children then they will do right like they have already have been this far. Let's give them the respect of keep making the right choices.

Yes, please. I fear our children are the ones that will suffer when these employees leave their jobs for not Vaccination. I live in Ryegate.
